2016 Facts and Figures
University of Wisconsin School of Medicine and Public Health

Mission
Advancing health without compromise through:
• Service • Scholarship • Science • Social responsibility

Dean
Robert N. Golden, MD, Robert Turell Professor in Medical Leadership; UW-Madison Vice Chancellor for Medical Affairs

History
• Founded in 1907 as a two-year basic science program
• Became a four-year institution in 1925
• Moved into Health Sciences Learning Center in 2004
• Became School of Medicine and Public Health in 2005, signaling its transformation into the nation’s first school to fully integrate medicine and public health

Educational Programs
• Doctor of Medicine (MD), including Wisconsin Academy for Rural Medicine (WARM) and Training in Urban Medicine and Public Health (TRIUMPH) programs
• Doctoral (PhD) and master’s (MS) degrees in basic, clinical and population health sciences
• Doctor of Physical Therapy (DPT)
• Master of Genetic Counselor Studies (MGCS)
• Graduate Medical Education, including clinical residency and fellowship programs in 60 specialties
• Master of Physician Assistant Studies (MPAS)
• Master of Public Health (MPH)
• Medical Scientist Training Program (MD/PhD)
• Postdoctoral training
• Professional Development in Medicine and Public Health (Continuing Medical Education) programs

People
Faculty and Staff
Clinical adjunct track ............................................................ 1,143
Clinical health sciences track ................................................... 603
Clinician teacher track ............................................................. 516
Tenure track ............................................................................ 438
Academic staff ....................................................................... 2043
University staff ......................................................................... 649

Students and Trainees
Doctor of Medicine (MD) .......................................................... 671
Doctor of Physical Therapy (DPT) ............................................. 119
Master of Genetic Counselor Studies (MGCS) ......................... 12
Master of Public Health (MPH) ................................................ 127
Medical Scientist Training Program (MD/PhD) ....................... 73
MS in basic sciences ................................................................. 48
PhD in basic sciences ............................................................... 603
Master of Physician Assistant Studies (MPAS) ....................... 105
Postdoctoral fellows ................................................................. 233
Professional development/CME participants ......................... 38,795
Residents/fellows, clinical ....................................................... 639
Undergraduates taking classes at SMPH ............................... 7089

Facilities
Four major sites on the UW-Madison campus:
Health Sciences Learning Center
• Education, administration and health sciences library (Ebling Library)
Medical Sciences Center
• Education and research
Clinical Science Center
• Education, research and patient care
(University Hospital, American Family Children’s Hospital and Carbone Cancer Center)
Wisconsin Institutes for Medical Research
• Interdisciplinary research

Affiliated Institutions
• UW Health is an integrated health system serving 618,000 patients each year in Wisconsin, Northern Illinois and beyond with 1,400 physicians, six hospitals, and 80 outpatient sites. Governed by the UW Hospitals and Clinics Authority Board, UW Health supports the patient care, research, educational and community services missions of the UW School of Medicine and Public Health.
• Aurora BayCare Medical Center, Green Bay
• Marshfield Academic Campus, Marshfield Clinic
• UnityPoint Health-Meriter
• Milwaukee Academic Campus, Aurora Healthcare, Milwaukee
• SSM Health St. Mary’s Hospital, Madison
• Western Academic Campus, Gundersen Health System, La Crosse
• William S. Middleton Memorial Veterans Hospital, Madison

Family Medicine Residencies
General Partners Program
Preceptorships
Primary Care Orientation
Wisconsin Academy for Rural Medicine (WARM)
Funding

Extramural Research Support (FY 2014-15)
Federal awards .........................................................$182.6 million
Non-federal awards ...................................................$184.5 million
Total .............................................................................. $367.1 million

Grants obtained by SMPH faculty constitute 41 percent of total
grants to UW-Madison during 2014-2015.

Expenditures by Source of Funds (FY 2015-16)
Federal and non-federal grants ........................................ $243 million
UW Medical Foundation ............................................. $130 million
State and university ...................................................... $76 million
Hospital and affiliates .................................................. $48 million
Gifts and endowments .................................................. $45 million
Other .............................................................................. $33 million
Total ............................................................................... $575 million

Wisconsin Partnership Program (FY 2015-16) awards:
Community awards ...................................................... $5.6 million
Faculty awards .............................................................. $15.7 million
Total ............................................................................... $21.3 million
