What other students are saying about Aurora housing

“There are storage units downstairs. Laundry is free; not coin-operated. Lawn care services are frequent. Closet space is ample. The lawns in front and back are pleasant and have both sun and shade. There is extensive garden space. Climate control is effective in both winter and summer. There is a fair amount of parking.

-James Lehman

“The apartment my roommate and I have is very spacious, clean, completely furnished, and has on-site parking. All other TRIUMPH students lived here this past semester which allowed us to get close and build a sense of community. We now have a community garden and have community meals almost weekly. This would not be easily accomplished if we all lived separately. We grill outside and even play basketball. Overall, a nice place to live.

-Raymundo Garcia

“Very spacious, with extra storage room in the basement along with on-site washer and dryer. I like having my own off-street parking and I’ve always felt safe walking around the neighborhood. As a bonus, the apartments are conveniently located within walking distance of two grocery stores, and St. Luke’s is reachable by an easy bike ride.
